DISCLAIMER:

- The cell products collected from this donor are intended solely for the purpose of immediate therapeutic treatment for the above mentioned patient. Any planned cryopreservation of the cell products prior to initial infusion to the patient may only occur with the advance written approval from the donor center.
- Excess cells may be stored for future therapeutic treatment for this patient. No other uses of these cells are permissible. Cells not used for the therapeutic treatment of the above mentioned patient must be disposed of properly and details must be provided to the donor center.
- The donor center must be provided detailed information concerning the use and/or disposal of all portions of this cell product. By accepting these cells, the transplant physician also accepts these terms and conditions. Deviations from these terms are not permitted without prior written approval from the donor center.
- Any serious product events and/or adverse reactions must be reported both to the donor's registry and transplant center. Corresponding SEAR/SPEAR reports must be completed by the registry providing the product, submitted to the WMDA office and details must provided to the donor center.
