DISCLAIMER: The cell products collected from this donor are intended solely for the purpose of diagnostic testing on behalf of the above mentioned patient. No other use is permissible. Excess blood volume is allowed for quality control testing only but not for research purposes. Any portion of the cells not used for the intended testing must be disposed of properly. By accepting these cells, the transplant physician also accepts these terms and conditions. Requests for deviations from these terms must be submitted in writing to the donor centre for approval.
